

## Proteon Pharma appoints Dr Sachin Ingewar as Regional Sales Director, India Subcontinent and SE Asia region

10 September 2022 | News

In line with its expansion plans, Proteon Pharmaceuticals India, a subsidiary of Proteon Pharmaceuticals SA Poland, announced the appointment of Dr Sachin Ingewar as Regional Sales Director for the Indian subcontinent and South-East Asia Region. Dr Ingewar will drive Proteon's growth strategies across the regions to support the poultry industry in achieving safe and sustainable production.

## Dr Ingewar will drive Proteon's growth strategies across the regions to support the poultry industry in achieving safe and sustainable production

In line with its expansion plans, Proteon Pharmaceuticals India, a subsidiary of Proteon Pharmaceuticals SA Poland, announced the appointment of Dr Sachin Ingewar as Regional Sales Director for the Indian subcontinent and South-East Asia Region. Dr Ingewar will drive Proteon's growth strategies across the regions to support the poultry industry in achieving safe and sustainable production.

As a poultry nutritionist with over 20 years of comprehensive experience in sales and marketing, Dr Sachin has been highly successful in spearheading business in the industry through sustained revenue growth, specifically in the South East Asian markets.

Having strong technical knowledge and expertise in strategic planning and execution, together with account management focused on precise pre and post-sales efforts, Dr Ingewar has been known for improving organisational performance and unlocking new business opportunities through strategic alliances with key decision-makers. He is a visionary who drives revenues and rapid growth profitability with a focus on building a strong corporate culture. Dr Ingewar has completed his Masters in Animal Nutrition with Poultry Major.

Elaborating on his new role at Proteon Pharmaceuticals, Dr Ingewar said, "This leadership role at Proteon is to develop our business in bacteriophages in the ISC and SEA and strengthen the presence of Proteon in the region. We aim to help poultry, aqua and the ruminant industry to achieve safe and sustainable production. We aim to build awareness about the need to reduce the usage of antibiotics in animal production. All in all, we are here to stay: #CareForAll- environment, humans and animal wellbeing."

Commenting on Dr Ingewar's joining, Dr Paolo Doncecchi, Global Sales Director, Proteon Pharmaceuticals, said, "I am excited about this critical addition to our ISC Proteon organisation. Dr Sachin will bring market knowledge, business acumen and an empathic approach to people. Together, we will bring Proteon to new heights by serving customer needs."
