

South Korea to receives Philippines Hass Avocados

03 October 2023 | News

Philippines Department of Agriculture-Bureau of Plant Industry (DA-BPI), through the National Plant Quarantine Services Division (NPQSD), commenced exports of Fresh Hass Avocados with a ceremonial send-off at the KTC Port Tibungco, Davao City on September 30, 2023.

Philippines Department of Agriculture-Bureau of Plant Industry (DA-BPI), through the National Plant Quarantine Services Division (NPQSD), commenced exports of Fresh Hass Avocados with a ceremonial send-off at the KTC Port Tibungco, Davao City on September 30, 2023.

DA-BPI Assistant Director for Regulatory Services Ruel C. Gesmundo, DA-Region XI Director Abel James Moteagudo, Dole Philippines Senior Vice President and Stanfilco Division General Manager Tetsuya Kitae, led the ceremony. The initial shipment of 3,040 boxes, with an estimated value of \$ 48,433, is expected to arrive in Pyongtaek Port, South Korea on October 8, 2023.

It was on September 25, 2009, when the Philippines, through the Bureau of Plant Industry (BPI), officially expressed its intent to export fresh Hass avocado fruits to Korea, responding to the request of Dole Philippines. The Department of Animal and Plant Quarantine Agency (APQA) of the Republic of Korea and DA-BPI have reached a historic agreement on June 19, 2023 and came into effect as of September 8, 2023.

This marks the beginning of a fruitful trade relationship between the two nations as the people of South Korea can finally taste the creamy and nutrient-rich Hass avocados from the Philippines.
