

Agri Expo 2024 – Your Gateway to the Latest Trends in the Agricultural Sector

23 January 2024 | News

Agri Expo offers a unique advantage with its prime location at the heart of major agricultural farms in Egypt and its strategic timing at the beginning of the harvest season. This premier event brings together over 175 exhibitors, both local and international, providing a diverse range of agricultural products and services. With a staggering attendance of over 17,000 visitors, including traders and importers, Agri Expo offers excellent networking opportunities and potential business collaborations. Spanning across a vast exhibiting area of 15,000 square meters, the expo accommodates various industries and showcases the latest innovations and technologies in agriculture. Attendees can also benefit from over 50 seminars and workshops, providing valuable insights and knowledge sharing. Furthermore, Agri Expo hosts 10 pre-show conferences, acting as a precursor to the main event, to further engage and educate participants. With a strong focus on fostering international trade, the expo attracts over 220 buyers and importers from Africa and the Arab region. Agri Expo is an unparalleled platform for industry professionals to explore business opportunities, exchange ideas, and stay updated with the latest trends in the agricultural sector.
